

DLADEM CHROME

Only amber during operation

Chrome design

Thanks to cutting edge interference and absorber coating

Amber when ON

Only amber when operating, otherwise almost invisible

Homogenous appearance

Reflector has a fully homogenous chrome look

The design light with chrome look

OSRAM DIADEM CHROME signal lamps have a strikingly exclusive design: their chrome look made possible by a cutting edge interference and absorber coating. The lamps emit amber light only when operational. At other times, they are almost invisible and have no irritating color effects. DIADEM CHROME lamps are ideal for all indicator lights with clear covers.
