

LEDinspect PRO SLIMLINE 280

Professional LED inspection light

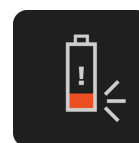

280 lm + 70 lm

This high-powered main light with 280 lumen comes with an additional torch function of 70 lumen

Equipped with 6+1 high-power, long-lasting LEDs

High-power LEDs for long-lasting comfortable light output

Integrated battery status display

Cordless professional lighting tool with docking station

Professional inspection light with flexible design

LEDinspect PRO SLIMLINE 280 is a rechargeable LED inspection light with robust design. Thanks to the long-lasting high intensity LEDs with a color temperature of up to 6,000 Kelvin, this luminaire produces a powerful light for your garage. In addition to the high-powered main light, the durable fixture has a torch function and provides a 180° degree bending mechanism. No batteries are needed – LEDinspect PRO SLIMLINE 280 can be easily charged via USB port and DC connection. OSRAM offers a 3 year guarantee for this inspection luminaire.
