

LEDinspect FLEXIBLE INSPECTION LIGHT

Inspection lights are a vital part of any professional's toolbox. Under bonnet lamps provide bright light over a wide area to enable professionals to work with maximum visibility. The LEDinspect FLEXIBLE INSPECTION LIGHT allows users to place light exactly where it is required. Our most versatile inspection light, it features removable elastic straps that allow the light to be fitted to areas as wide as 2.1m. The light strip is fully flexible, allowing the light to bend around the workspace. The rotating ends feature strong magnetic connections and USB-C charging.

Product family datasheet

Technical data

Product description	Product information	General Product Information	Electrical Data	
	Application (Category and Product specific)	Global order reference	Nominal voltage	Nominal wattage
INSPECTION LAMP	LED inspection lights	LEDIL416	5.0 V	10 W

Product description	Photometric Data			Physical Attributes & Dimensions
	Light color LED	Nominal luminous flux	Color temperature	Height
INSPECTION LAMP	White	1000 lm	6200-6500 K	39.0 mm

Product description	Width	Length	Product weight	LED module information
				Number of LEDs per module
INSPECTION LAMP	32.0 mm	1950 mm	259.00 g	75

Product description	Lifetime Data	Capabilities	Logistical data	Environmental & Regulatory Information Information according Art. 33 of EU Regulation (EC) 1907/2006 (REACH)
	Guarantee	Technology	Watt hour per battery	Date of declaration
INSPECTION LAMP	2 years	LED	8.14	22-09-2024

Product description	Declaration no. in SCIP database
INSPECTION LAMP	In work
