

# BATTERYcharge 7PIN | 3PHASE | 16AMP

Type 2 to Type 2

Charge at home and on the move Type 2 to Type 2 PIN | 3PHASE

Connects to any 16A (3 phase) charging unit or station with a type 2 connection.

Charge anywhere any time

5m cable length

Ergonomic handles for optimal handling and a cable length of 5 meters

### Drive with OSRAM into a more emission-free future

Discover the world of electric driving with OSRAM. Charge your fully electric or plug in hybrid type 2 vehicle from any 16A (3 phase) charging unit or station fitted with a type 2 connection point. The 5m cable provides excellent connectivity at home or on the move. The range of outstanding technical specification allows you to travel anywhere with the cable and charge with the heavy duty compact storage case. Temperature rated at -40°C to 85°C gives you the flexibility to travel the hottest and coldest climates and top up your vehicle with confidence.

### Technical data

Product description	General Product Information	Environmental & Regulatory Information Information according Art. 33 of EU Regulation (EC) 1907/2006 (REACH)		
	Global order reference	Primary article identifier	Candidate list substance 1	CAS No. of substance 1
BATTERY charge 7PIN   3PHASE   16 AMP	OCC21P05	4062172411127	Lead	7439-92-1

---

Product description	Safe use instruction	Declaration no. in SCIP database
BATTERY charge 7PIN   3PHASE   16 AMP	The identification of the Candidate List substance is sufficient to allow safe use of the article.	532f1288-2242-4011-934c-b5fd51764123
