

LEDDriving HLT H1

Cool White color temperature of 6,000 K

Better visibility thanks to daylight effect

Superior brightness

More light allows to see farther and therefore react sooner. Signs, obstacles and hazards can be recognized sooner

LED replacement for conventional H1 high and low beam lamps

Reduced glaring thanks to an optimized light distribution

Simply replace old truck lamps with OSRAM's LED replacement lamps for forward lighting to benefit from highly energy-efficient bright LED light. LEDDriving HLT for high and low beam applications are 24 V compatible and stand out with very high brightness, high compatibility, easy installation and no radio disturbance.
