

LEDsBIKE RACE 80 SET

Luminosity up to 80 Lux

The powerful LED technology provides wide illumination of up to 80 meters

Usage time up to 13 hours¹⁾

Ideal for long bike rides or commutes without having to worry about recharging

Automatic mode

The integrated brightness sensor automatically adjusts the light intensity to the ambient light

StVZO street legal

Approved according to German StVZO with K-Mark for on-road use

Your light, your ride, your safety!

Discover the LEDsBIKE RACE 80 SET, the new highlight for all cycling enthusiasts, which takes visibility and versatility to a new level. With multiple lighting modes—automatic and manual—and three brightness levels (100%, 50%, and 25% brightness), the front light adapts perfectly to any environment. It provides powerful illumination with 80 lux and a range of up to 80 meters. The display always informs you about the selected mode and the current light intensity. With a battery life of up to 13 hours¹⁾, it is ideal for long journeys or commutes without having to worry about recharging. The tool-free 360-degree mounting allows for quick and easy installation, making the LEDsBIKE RACE 80 SET an ideal companion for every cyclist. The included USB-C cable ensures convenient charging of the lithium-ion battery, while the battery and charging indicator keep you informed of the current status. The battery of the front and rear light can be fully charged within 2.5 hours. The high-quality construction, including a black ABS housing and transparent polycarbonate lens, promises durability and reliability. It complies with German road traffic regulations (StVZO) and has the K-marking. With IP44 certification, it is protected against water so that you are safe on the road even in bad weather. OSRAM offers a 2-year guarantee on all LEDsBIKE RACE bicycle lights²⁾.

Product datasheet

Technical data

Product information

Application (Category and Product specific)	LED Bike Lights
---	-----------------

Electrical data

Nominal voltage	3.7 V
-----------------	-------

Photometrical data

Luminous flux	110 lm
Color temperature	5400 K
Lux Value	80
Light distance at 1lx	80 m
Light color LED	Cold white

Lifespan

Guarantee	2 years
-----------	---------

Additional product data

Type of Battery	Lithium Ion
Charging Type	USB-C
Setting	4 settings: eco (25%), low (50%), max (100%), auto
Usage time	Up to 13 h (front light): eco (25 %): 13 hours; low (50 %): 6.5 hours; max (100 %): 3.5 hoursUp to 13 h (rear light)

Capabilities

Technology	LED
------------	-----

Certificates & standards

Type of protection	IP44
Standards	StVZO

Environmental information

Information according Art. 33 of EU Regulation (EC) 1907/2006 (REACH)	
Date of Declaration	24-06-2024
Primary Article Identifier	4062172403856
Declaration No. in SCIP database	In work

Product datasheet

Logistical Data

Product code	Product description	Packaging unit (Pieces/Unit)	Dimensions (length x width x height)	Volume	Gross weight
4062172403856	LEDsBIKE RACE 80 SET LEDBL102 SET	HFB 1	115 mm x 55 mm x 140 mm	0.89 dm ³	248.00 g
4062172403863	LEDsBIKE RACE 80 SET LEDBL102 SET	Shipping carton box 8	315 mm x 245 mm x 153 mm	11.81 dm ³	2294.00 g

The mentioned product code describes the smallest quantity unit which can be ordered. One shipping unit can contain one or more single products. When placing an order, for the quantity please enter single or multiples of a shipping unit.
